To Maria Chapman Respected Friend,
I have twelve Frames made out
of the Wood of Penn Hall, I intend
sending them on to Boston to Mann

you to return the favor of making
I intend to give that but I am loosed
largely here in the cause of the Lamb
Will you be kind enough to me Immediately

I merely want the size of the Printed
Sent not the Quill size I intend having
some handsome Frames made out
the Wood of the Hall for them and
will send them on in time for
the Fair. We will Excuse the liberty
I take in making so free with You
without knowing any acquainted
with You but My wishes are in
the Cause of truth an will Excuse
to me. Please send word to me about
the size of the Sentiments as soon as convenient
